Policy Statement

It is the policy of Austin Peay State University to create an Academic Calendar that details important dates and deadlines for student course registration, course add/drop, financial aid, withdrawing, and tuition due dates to ensure clear guidelines for a pathway to graduation. The Office of the Registrar publishes the official academic calendar about a year before the start of an academic year.

Purpose

This policy's primary purpose is to provide consistency for the development of APSU's academic calendar. The academic calendar is created by the Office of the Registrar to facilitate student enrollment and registration in such a way to encourage retention and persistence to timely graduation. APSU offers multiple parts of terms in addition to full terms as well as multiple course modalities to ensure that students have flexible options to complete their degree in the manner that fits with their schedule.

Procedures
