### Closed Study Report For Studies Involving Human Participants

Please submit this report when your study involving human participants is completed or if you have decided not to conduct the study after having received IRB approval.

Principal Investigator (P.I.):

Faculty Advisor (if applicable):

Protocol Number and Title:

**Check which statement applies to your study:**

- Study was never conducted and I do not wish to conduct. Please close the file. (Sign form)
- Study was conducted and is now complete. Please close the file. (Answer questions below and sign form)

**If study was conducted but is now complete, please answer the following questions:**

1. How many participants were tested?

2. Were there any adverse effects? If yes, please explain and how they were handled.

3. List and explain any additional risks or benefits that were observed.

4. Specifically, where is the data stored?
