Request for Continuing Review

This is a request for renewal of IRB approval for the latest approved version of the study. If any changes to the study have been or will be made, you are required to submit an Amendment Request.

Principal Investigator (P.I.):

Faculty Advisor (if applicable):

Protocol Number and Title:

Current approval expires:

SECTION I. Activity status of this study (check one):

- Has not been initiated but I wish to begin the process (skip to Section III)
- Participants are being recruited
- Participants have been enrolled and are undergoing research-related interventions
- Enrollment closed, research remains active for long-term follow up only
- Remaining research activities are limited to data analysis and there will be no further contact with participants
- This is a request to re-open a study that has been completed and closed

SECTION II. For all ongoing studies:

1. Total # of participants enrolled:

of additional participants to be recruited:

2. Describe the participants' experience. Include the following: benefits, any adverse events or unanticipated problems involving risks, complaints about the research.

3. Total # of participants who withdrew, and list the reasons.

4. Summarize any new literature, findings, or other relevant information, especially information about risks associated with the new research or which relate to subjects' willingness to continue participation.

SECTION III. For studies that have never been initiated:

1. Explain why the research was never initiated:

2. Explain any additional risks that have been identified:

SECTION IV. Informed Consent (check one):

- The remaining research activities are limited to data analysis and there will be no further contact with participants.
- The last approved Informed Consent document is still being used (Attach a copy)
- The Informed Consent document is being revised (Attach a copy)
