

CHECKING YOUR STUDENTS' LAST ACCESSED DATE IN YOUR D2L COURSE

This feature allows you to see when your students last accessed your course in D2L.

1. Log in to D2L and enter the class you'd like to check.
2. Open the Communication menu, then click Classlist.

3. On the Classlist page, the Last Accessed column will display the date and time that each student last accessed your course. You can check this in all of your courses.

A screenshot of the D2L 'Classlist' page. At the top right, there are links for 'Print', 'Settings', and 'Help'. Below the title, there are buttons for 'Enrollment Statistics' and 'Email Classlist'. The page is divided into 'All', 'Instructors', and 'Students' tabs, with 'All' selected. A 'View By' dropdown is set to 'User' with an 'Apply' button. A search bar is present with 'Search For...' and a 'Show Search Options' link. Below the search bar are icons for 'Email', 'Print', and 'Unenroll'. The main content is a table with the following columns: 'Image', 'Last Name, First Name', 'Org Defined ID', 'Role', and 'Last Accessed'. A red arrow points to the 'Last Accessed' column. The table contains the following data:

	Image	Last Name ▲, First Name	Org Defined ID	Role	Last Accessed
<input type="checkbox"/>		A-Student, Sample	ASAMPLE1	Student	Mar 23, 2020 10:54 AM
<input type="checkbox"/>		B-Student, Sample	ASAMPLE2	Student	Mar 23, 2020 10:54 AM
<input type="checkbox"/>		C-Student, Sample	ASAMPLE3	Student	Mar 23, 2020 10:55 AM
<input type="checkbox"/>		Instructor, Gov	gov.instructor	Instructor	Mar 23, 2020 10:56 AM
