Call to Action Box:

The screenshot shows a website layout with a sidebar on the left and a main content area on the right. The sidebar contains a list of college departments: College of Arts and Letters, Welcome to Graduate Studies, College of Business, Master of Science in Management, College of Behavioral Health Sciences, and Health and Human Performance. Below this is the logo 'Leading through EXCELLENCE'. Further down is a 'Contact' section with office, location, phone, fax, and email information. At the bottom of the sidebar is a 'Related Pages' section. The main content area features three call-to-action boxes. The first box, titled 'Main Content', has a 'Learn More' button. The second box, titled 'READY TO APPLY FOR HOUSING?', has a 'Login to OneStop' button. The third box, titled 'NEED SUMMER HOUSING?', has an 'Apply Here' button. Three red arrows point from the sidebar to these buttons: one from 'College of Business' to 'Learn More', one from the 'Contact' section to 'Login to OneStop', and one from the 'Related Pages' section to 'Apply Here'.

Departments & Programs

Example Title

Example content... Intrinsicly disintermediate backend convergence for bleeding-edge paradigms. Monotonectally pursue client-centric web services after enabled methodologies. Holisticly disintermediate mission-critical materials before client-centered web-readiness.

Departments & Programs

African American Studies

The African American Studies program (AAST) is an interdisciplinary program of study about the history and culture of African Americans in the United States and the connections to the peoples of Africa, the Caribbean, and Latin America.

Art & Design

APSU's art & design program offers studies in drawing, digital media, graphic design, illustration, painting, photography, ceramics, printmaking, sculpture, and art education.

Women and Gender Studies

Interdisciplinary training for examining the complex questions and practice related to women and gender. Offers a wide range of courses that focus on gender, race, class, sexual orientation, sexual identity, and disabilities. Students develop knowledge, skills, and resources to contribute to the area of social justice locally, nationally, and internationally.

Mission Statement

The College of Science and Mathematics provides study for students in the areas of agriculture, astronomy, biology, chemistry, computer science, geosciences, mathematics, medical technology, radiologic technology, and physics. Our outstanding, discipline-based programs are student-centered and designed to prepare students for responsible positions at all levels of research, industry, education, medicine, and government. We emphasize degree programs relevant to regional economic and market trends, designed to enable graduates to compete in the global economy and foster lifelong learning skills.

Our mission is to promote scientific literacy while emphasizing the process, content, and interdisciplinary nature of science. Additionally, our mission is to develop critical thinking skills, to enhance verbal and written communication abilities, encourage reasoned debate on scientific issues, and promote civic responsibility.

Our goal is to provide professional training at the undergraduate and graduate levels, while serving as a foundation for a career in science or mathematics, as well as to provide training for allied health profession and pre-professional training in preparation for careers in medicine, dentistry, pharmacy, and veterinary science. In addition, we encourage collaborative research with faculty, internships, and other learning experiences that facilitate transition to work or graduate and professional education.

Two Column Feature:

A diagram illustrating a two-column layout. On the left is a vertical sidebar with six horizontal sections, each containing a red text label: "College of Arts and Letters", "Welcome to Graduate Studies", "College of Business", "Master of Science in Management", "College of Behavioral Health Sciences", and "Health and Human Performance". To the right of the sidebar is a green button with a white pencil icon and the text "Main Content". Below the button is a large bold black text "title". Underneath the title are two horizontal lines, each with the word "Information" centered below it.

Two Column list Grid:

What do Art: Graphic Design majors do after graduation?

Art Education is one of the fastest growing fields in the 21st century, and our graduates are successful in finding positions in these areas. Fine artists are able to pursue graduate work or are often successful at creating entrepreneurial opportunities for themselves in galleries, as freelance artists, and as owners of small business. The greatest value of an arts education is that it prepares students to solve problems in a creative way. That's the number one skill that employers in all fields are looking for in the 21st century. Finding new meanings in the world is what an arts education is all about.
