March 2023

Our Mission:

At APSU's Writing Center, we strive to help students feel more confident in their writing skills. Our goal is to improve the student writer. No matter if you need help with brainstorming, drafting, or revising your paper, we're here to support your writing goals, assist in your development as a writer, and increase your comfort and love for the writing process.

A Word From Director Dr. Allie Johnston!

Hello, Govs!

With Spring Break around the corner, this is a time when we begin to feel the pressures of the semester build. We encourage you to get ahead of your final projects and papers by visiting the Writing Center. You can book recurring appointments with the same tutor to help hold you accountable with deadlines. Since we help with any stage of the writing process, you can come ready to brainstorm, research, outline, or make those final revisions.

You'll find upcoming events ensured to help support you in your writing goals. As a reminder, if you ever have any ideas of workshops or events you'd like us to host, feel free to reach out to us (contact info below). We can also come to your student organization or club to host a writing-related event as well.

We hope to see you in the Writing Center soon!
